

How to mount on your 3D Printer

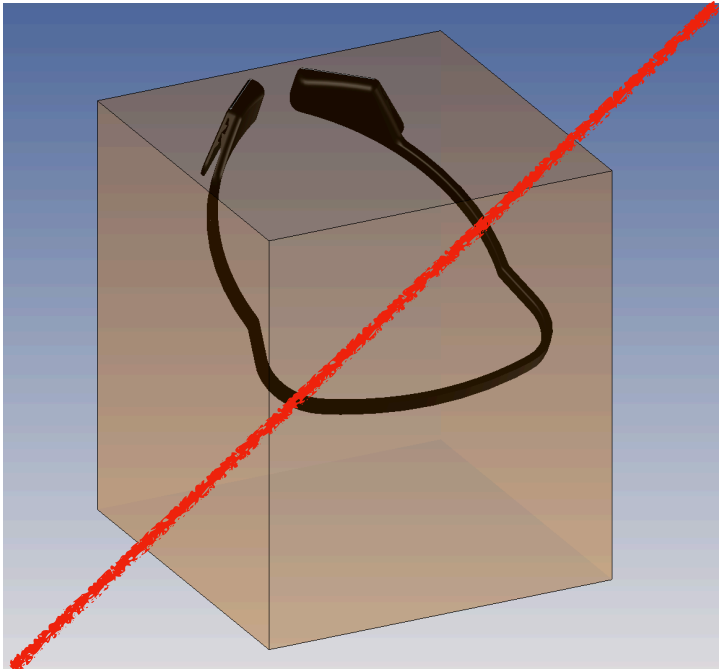

Fused Deposition Modeling (FDM)

Platform size : 175 x175mm

Material : ABS or PLA (dia.1.75mm)

Layer thickness : 0.2mm-0.4mm

Printing time : 2h30m-2h45m

Stereolithography (SLA)

We can't print from liquidresin at this moment.

We haven't yet come up with a technique that enables us to do so.
